Join us as we celebrate our 100th Anniversary as a family owned Chiropractic Clinic

Open House 1–3 pm

Bronson Clinic 5521 Bellaire Dr. South, Suite 100 Fort Worth, Texas 76109

## O Years

Through four generations of chiropractors (Doctors of Chiropractic) in the Bronson family, the Bronson Clinic has served Fort Worth and surrounding Texas communities for 100 years! The original practice which began in Ranger, Texas in 1925 soon moved to Fort Worth and has grown into a century-long legacy of healing, innovation, and patient-centered care.

Today, we proudly continue this tradition while integrating modern, evidence-based treatments for improving injury conditions, acute and chronic pain, and athletic performance.

Please join us as we celebrate this amazing milestone, honoring those who pioneered this profession and especially the early Drs. Bronson who founded this clinic and built a reputation of outstanding service.
